NOTICE TO THE MARKET

OPERATIONAL DATA FROM MARCH 2023

Brisanet Participações S.A. (B3: BRIT3), the largest company among independent internet service providers in Brazil¹ and largest fixed broadband provider in the Northeast region, according to Anatel's ranking, announces today the operating data for the month of **March 2023**.

Founded 25 years ago, **BRISANET** has a product portfolio almost 100% in optical fiber and with operations focused on the Northeast region of the country, the Company also operates through its subsidiary **AGILITY TELECOM**, which provides internet services under the franchise model.

At the end of March 2023, **Brisanet had 1,158,833 clients in all the 9 states of the Northeastern region** – Ceará, Rio Grande do Norte, Paraíba, Pernambuco, Alagoas, Piauí, Sergipe, Maranhão and Bahia – with **6.5 million HPs, in 155 cities**.

OPERATIONAL DATA	1Q22	2Q22	3Q22	4Q22	Jan 23	Feb 23	Mar 23	1Q23

In March, **112.8 thousand HPs were added**. Since mid-2022, the Company has been slowing down investments in FTTH, aiming at maintaining an adequate capital structure during a more challenging period for the economy and the market, in addition to the start of investments in the deployment of 5G – Brisanet is the only operator in the 2, 3GHz in the Northeast, the only one already released in the entire region.

The organic growth of the customer base in March was 22,500. Despite the more challenging scenario, Brisanet remains the company with the highest organic subscriber growth. The expectation for the remainder of 2023 is to maintain growth at this monthly pace.

The Brazilian economic scenario, especially in the region where we operate, remains challenging. Inflation and the pricing strategy adopted by the competition continue to exert pressure on the telecommunications market.

The expectation is to reach the end of 2023 with 7.1 mm of HPs and 1.3 mm of HCs.

Through **Agility Telecom**, Brisanet provides service to more than **209,000 customers** in 5 states in the Northeast – Ceará, Rio Grande do Norte, Paraíba, Pernambuco and Alagoas – with 83 franchisees, passing in front of **almost 950 thousand households**.

¹ Considering the Brisanet and Agility brands (through franchisees) in February/2023.

AGILITY	1Q22	2Q22	3Q22	4Q22	Jan 23	Feb 23	Mar 23	1Q23

Agility Telecom is also undergoing changes, with adjustments to some partners and its growth, waiting for the start of 5G operations by the Company and the alignment of new investments with the financial capacity of franchisees.

Considering the two bases, **Brisanet Group serves more than 1.4 million customers throughout Northeast.**
