NOTICE TO THE MARKET

OPERATIONAL DATA FROM MAY 2023

Brisanet Participações S.A. (B3: BRIT3), second largest company among independent internet service providers in Brazil and largest fixed broadband provider in the Northeast region, according to Anatel's ranking, announces today the operating data for the month of **May 2023**.

Founded 25 years ago, BRISANET has a product portfolio almost 100% in optical fiber and with operations focused on the Northeast region of the country, the Company also operates through its subsidiary AGILITY TELECOM, which provides internet services under the franchise model.

At the end of May 2023, Brisanet had **1,191,115 clients in all the 9 states of the Northeast region** – Ceará, Rio Grande do Norte, Paraíba, Pernambuco, Alagoas, Piauí, Sergipe, Maranhão and Bahia – passing in front of **6.6 million households in 157 cities**.

In May, **94.3 thousand HPs** were added. Since mid-2022, the Company has been slowing down investments in FTTH, aiming at maintaining an adequate capital structure during a more challenging period for the economy and the market, in addition to the start of investments in the deployment of 5G – Brisanet is the only operator in the 2, 3 GHz in the Northeast, the only one already released in the entire region.

The organic growth of the customer base in May was 13.1 thousand. Despite the growth below 20 thousand customers, Brisanet has not seen any change in the competitive scenario and continues to support the projection of 1.3 million customers by the end of 2023.

The Brazilian economic scenario, especially in the region where we operate, remains challenging. Inflation and the pricing strategy adopted by the competition continue to exert pressure on the telecommunications market.

Brisanet continues to advance in capitals and metropolitan regions, with **market share in fiber between 50 and 65% in Natal, Maceió and João Pessoa**, and **over 19% in Fortaleza**. In Teresina and **Aracaju**, where the Company entered the second half of 2021, the market share is already close to 15% in the Piauí and **above 21% in the Sergipe** (Apr-23 figures).

Through **Agility Telecom**, Brisanet provides service to more than **200,000 customers** in 5 states in the Northeast – Ceará, Rio Grande do Norte, Paraíba, Pernambuco and Alagoas – with 81 franchisees, passing in front of almost **950,000 households**.

AGILITY	2Q21	3Q21	4Q21	1Q22	2Q22	3Q22	4Q22	1Q23	Apr 23	May 23
# Clients	148,066	159,106	190,049	202,038	211,034	214,994	216,288	209,104	201,419	200,073

Agility Telecom is also undergoing changes, with adjustments to some partners and its growth, waiting for the start of 5G operations by the Company and the alignment of new investments with the financial capacity of franchisees.

Considering the two bases, the **Brisanet Group serves almost 1.4 million customers throughout Northeast**.
